

Peer Support
Training and Placement
Program

San Diego County Residents — Don't Miss This FREE Opportunity Jumpstart Your Journey as a Certified Medi-Cal Peer Support Specialist!

Get one-on-one guidance from a Learning Partner who will support you every step of the way — from completing the 80-hour CMPSS training and earning your certification to obtaining a job or internship plus receiving career coaching for up to six months after placement!

Program Benefits

- Career counseling and job readiness support
- 80-hour Medi-Cal Peer Support Specialist training
- Assistance to obtain state certification
- No-cost vouchers for application and exam fees
- Job placement and retention services
- Support to confidently transition into Peer Support Specialist role
- Support continuing to develop and grow your unique professional and personal journey
- Financial incentives for certification milestones and successful six-month job retention

Participation Requirements

- 18 years of age or older (some exceptions apply)
- San Diego County resident
- Have a GED/High School Diploma or higher education degree
- Identify as an individual with experience as a mental/SUD/behavioral health services consumer, family member and/or caregiver
- Express interest in entering the behavioral healthcare workforce

Commitment

- Complete 80 hour training and apply for certification
- Receive ongoing support with a 6-month check-in after job placement
